

To fill in the masked entities in the sentence, we need to find the corresponding values from the given table. The sentence is: [ENT] was the [ENT] of 2 of the play. From the table, we can see that there are multiple plays, so we need to find the plays that have 2 occurrences. The plays with 2 occurrences are: 'Electra', 'Medea', and 'The Birds' and 'The Persians' and 'Ajax'. However, the sentence mentions that [ENT] was the [ENT] of 2 of the play, so we need to find the play with 2 occurrences of the same entity. The play 'Medea' has 2 occurrences, so we can fill in the entities as follows: Medea was the play of 2 of the play. However, we need to fill in the entities [ENT] and [ENT] for 'Medea'. The entities for 'Medea' are 'Euripides' and 'Semeio theatre'. So, the sentence with filled in masked entities is: Medea was the play of 2 of the play.
