

Based on the table provided , the sentence "[ENT] is the only [ENT] on the list who plays 2 [ENT]" can be filled in as follows : " Nick las Lid strom is the only defence on the list who plays 2 defence ." Here 's the reasoning : - [ENT] is replaced with " Nick las Lid strom " because he is the only player listed who plays defense (position = ' def ence '). - [ENT] is replaced with " def ence " because that is the position Nick las Lid strom plays . - [ENT] is replaced with " def ence " because he plays defense .
