

To fill in the entities masked by [ ENT ] in the sentence , we need to analyze the table structure and identify the pattern of the entities . The table has the following columns : ' pick ', ' player ', ' position ', ' national ity ', ' nh l team ', and ' college / junior / club team '. We can see that the entities are repeated in the following order : ' pick ', ' player ', ' position ', ' national ity ', ' nh l team ', ' college / junior / club team '. Here 's the sentence with the entities filled in :

14 th pick of the 198 9 NHL Entry Draft , 20 of the players picked 14 th - 20 were of Canadian players . However , since there are 20 players picked and 20 entities , there are 19 entities remaining . To fill the remaining entities , we need to find the pattern of the remaining entities . The remaining entities are : [ ' 63 ', ' core y ly ons ', ' right wing ', ' can ada ', ' cal gary flames ', ' le th bridge hurricanes ( wh l ) ']. We can see that the pattern of the remaining entities is ' pick ', ' player ', ' position ', ' national ity ', ' nh l team ', ' college / junior / club team '.
