

Based on the table provided , the sentence "[ENT] and [ENT] were the only 2 [ENT] where the [ENT] drafted more than 1 player " can be filled in as follows : " Atlanta Falcons and New England Patriots were the only 2 teams where the Atlanta Falcons drafted more than 1 player ."

Here 's the reasoning : - The table " atl anta fal cons draft history " suggests that the Atlanta Falcons drafted more than one player . - The other team mentioned in the table is the New England Patriots , who also drafted more than one player . - The entity " team " is used to refer to both the Atlanta Falcons and the New England Patriots .
