

Based on the table provided , the sentence "[ENT] had a [ENT] of [ENT] while [ENT] had a [ENT] of [ENT]" can be filled in as follows :

"Carlton had a score of 1 2 . 1 2 (8 4) while Fitzroy had a score of 1 1 . 1 1 (7 7)."

Here's the breakdown :

- [ENT] = Carlton (home team) - [ENT] = 1 2 . 1 2 (8 4) (home team score) - [ENT] = Fitzroy (away team) - [ENT] = 1 1 . 1 1 (7 7) (away team score)
