

Based on the table provided , the sentence " both [ENT] and [ENT] had [ENT] between 6 0 and 7 0 " can be filled in as follows : " both ** Rich mond ** and ** Ge elong ** had ** crow d ** between 6 0 and 7 0 . " Here 's the reasoning : - The first [ENT] is filled with " Rich mond " because it had the highest crowd of 2 8 , 0 0 0 . - The second [ENT] is filled with " Ge elong " because it had the second highest crowd of 4 9 , 1 0 7 . - The third [ENT] is filled with " crow d " as it 's the entity that is between 6 0 and 7 0 for both teams .
