To fill in the entities masked by [ENT] in the sentence, we need to analyze the table and find the corresponding entities. From the table, we can see that the entities [ENT] are :
- game : 'game'
- table : 'table'
- home team : 'home team'
- away team : 'away team'
- venue :'venue'
- date : 'date'

Here is the sentence with the entities filled in : All game in the table for the table were played on the venue with no game after or before. However, we also need to determine if the game was played on a specific date, but the date is in the format 'day month year' and it 's not clear which day of the week the game was played.
