The table provided is for the "Iowa Corn Cy-Hawk Series" with columns for 'date', 'site', 'sport', 'winning team', and 'series'. To fill in the masked entities in the sentence "[ENT] is the [ENT] with the earliest date", we need to find the earliest date and the corresponding 'winning team' and 'series'. The earliest date in the table is 'september 4, 2007'. On this date, the 'winning team' was 'iowa state' and the 'series' was 'iowa state 2-0'. So, the filled-in sentence is: "Iowa State is the Iowa State 2-0 with the earliest date."
