To fill in the entities, we will analyze the given sentence and the table. The sentence is : "[ENT] was faster than [ENT] by more than 1 minute." The entities [ENT] are the names of the rowers. Based on the table, we can see that the fastest time is 5:51.29, and the second-fastest time is 5:52.93. The difference between these two times is 1.64 minutes. The fastest rower is Wasielewski, Kolbowicz, Jelinski, Korol and the second-fastest rower is Morgan, McRae, Long, Noonan. Therefore, the completed sentence is : Wasielewski, Kolbowicz, Jelinski, Korol was faster than Morgan, McRae, Long, Noonan by more than 1 minute.
