Based on the table provided, the sentence "[ENT] is 1 of 3 teams against whom [ENT] has only 1 victory" can be filled in as follows: "Llanelli A.F.C. is 1 of 3 teams against whom Gefle IF has only 1 victory." Here's the reasoning: - The table shows that Llanelli A.F.C. has played against 3 unique teams (Gefle IF, OBO dense, and FK Vetra) where they have only won once against each of them. - Gefle IF is the first team in the list that Llanelli A.F.C. has played against and won only once.
