To fill in the entities in the sentence, we need to analyze the given table and find the entity that corresponds to each placeholder. The table contains information about L Ian elli A .F .C .' s performance in various tournaments. We can see that the team has played in the UEFA Cup, UEFA Champions League, and UEFA Europa League. The sentence is : " L Ian elli A .F .C . played more matches in the [ENT] than in any other tournament ." Based on the table, we can conclude that the entity [ENT] corresponds to " UE FA Europa League ". So, the completed sentence is : " L Ian elli A .F .C . played more matches in the UEFA Europa League than in any other tournament ."
